

Wyanett Township Road Tour – April 18, 2017

Dennis Haubenschild, Travis Wood and Linda Hass went on the road tour with Ken Murray absent.

Despite the rainy weather the roads were in good condition.

These are the roads that need some attention:

Tiger Street – needs more gravel and leafy spurge is growing

333rd – needs gravel

331st canoe landing – survey access to creek

Xenon – needs field stone to build up shoulders

357th – needs gravel for shoulder repair – culverts installed

A couple of citizens requested dust control if we have it this year.

Nacre – north end up to the town hall needs gravel

370th Court – tar patches needed with sand and rock chips

Bison St NW – gravel cul-de-sac

Respectively Submitted,

Linda Hass - Clerk
